

**APPLICANT DETAILS
APPLICATION FOR LISTING**

Applicant details

Important notes:

1. The listing applicant will be recorded as the registrant upon successful completion of the listing process.
2. The listing applicant and registrant will be responsible for the payment of fees and charges associated with the lodgement, verification of conformity, administration and maintenance of the product listing/s. As the applicant and registrant the company must have expertise, resources, authority, authorisation and recognition as or by the manufacturer to address and resolve matters and issues relating to the conformity of the products with the specified reference criteria and provide evidence of conformity by the process and in a form as specified and/or deemed necessary by the CSIRO ActivFire Scheme.
3. This form should be completed with reference to the terms and conditions (A-D001) and listing application guidelines (A-D002) of the CSIRO ActivFire Scheme.

Applicant's authorisation and declaration

As the applicant for listing of products under the CSIRO ActivFire Scheme I acknowledge and accept the following;

- The terms and conditions of the CSIRO ActivFire Scheme and any changes to these requirements upon written notification.
- If the applicant is different to the manufacturer, I authorise the CSIRO ActivFire Scheme to contact the manufacturer of the product item/s and advise them accordingly of the terms and conditions to which listed products and the registrant are accountable.

And declare that,

- I am an authorised signatory of the company to be recorded as the applicant and registrant by the CSIRO ActivFire Scheme and will be responsible for the payment of fees and charges associated with the lodgement, verification of conformity, administration and maintenance of the product listing/s. As a registrant this company has expertise, resources, authority, authorisation and/or agency recognition by the manufacturer to address and resolve matters and issues relating to the conformity of the products with the specified reference criteria and provide evidence of conformity by the process and in a form as specified and/or deemed necessary by the CSIRO ActivFire Scheme.
- All information or articles provided to the CSIRO ActivFire Scheme will be complete and correct.
